

Wayne David Hubbard

Author and Educator

Wayne David Hubbard is the Founder and President of the Shenandoah Valley Chess Club Inc, a nonprofit organization that he founded in 2013. SVCC is recognized as a growing organization that provides youth education and mentorship through chess.

Wayne David is a highly engaged leader with proven ability to help teams in high performance organizations succeed in critical missions. He almost over twenty years of federal government service which began in 2000 as a Marine Corps veteran trained in systems engineering, information technology, and advanced communications.

Since 2008 he has served in the Federal Aviation Administration as an air traffic control manager for the United States National Airspace System. He holds a Bachelor's of Science degree in Airport Management from Vaughn College of Aeronautics in New York City.

His passion for education and community service led him to launch several career orientation programs to spark interest in STEM fields, giving thousands of young people exposure to the future of industry. David is actively engaged in nonprofit advocacy for several local and national organizations which support education, equal opportunity, government ethics, and the arts.

He is the author of several poetry collections and a finished book manuscript in search of a publisher. His memoir, *American Odyssey*, is an epic and emotional saga that looks at conflict, past and present, through meditations which parallel his physical journey across America, Asia, and the Middle East during a time of war.
